Educational Psychology textbook vocabulary

educational psychology found in its textbooks springs not only from the fact that textbooks are important "pedagogic vehicles," but also that textbooks supply a succinct compilation for what the discipline considers to be its "heart" (Gallagher, 2003, pp 56-57) Is it precise terminology if undergraduate educational psychology textbooks

General Psychology - Carter Center

The word psychology is derived from two Greek words "psyche" and "logos" Psyche means soul and logos means the study Thus, originally psychology was defined as the study of "soul" or "spirit" But later on philosophers defined psyche as mind Because of this, psychology began to be regarded as the study of an individual's
