and beauty in women. Further, elderly individuals are frequently portrayed as sick, dependent, fumbling and passive, images not borne out in real life. Distorted depictions of older people and especially older women in media, however, can delude us into thinking they are a ...

Outdoor Career EXPLORATION

shade, shelter, biodiversity, food and beauty. But plants get sick and have diseases, too. Certain species of trees can become sick with a fungus, insects, bacteria, pests or even a lack of nutrients in the soil. If we don't treat them, they can spread the disease to other trees, or they might die. Managing tree disease is a lot of work so
