The English Civil War The English civil War began in 1642, and was fought between supporters of Parliament and supporters of the King It lasted for seven years, and was the bloodiest conflict ever fought on English soil Nearly 4% of the population died, and families were pitted against each other: brother against brother, father

The Last English Civil War

English Civil War To anticipate the bottom line of this analysis, the durability of the 1689 settlement proceeded from two primary factors: first, the slow accumulation both of law and respect for the law on the part of English political actors; and second, the emergence of an English state and a strong sense of English national identity

Article: Battle of the Severn

the English Civil War (1642 - 1655), which pitted Roman Catholics against Protestants The conflict divided England, and the consequences of the war were felt as far away as the American Colonies, as Catholics and Protestants took sides Details In 1632, King Charles I signed the Charter of Maryland granting the colony to

English Civil War - Wikipedia

The English Civil War (1642-1651) was a series of civil wars and political machinations between Parliamentarians ("Roundheads") and Royalists ("Cavaliers") principally over the manner of England's governance and part of the wider Wars of the Three Kingdoms The first (1642-1646) and second (1648-1649) wars pitted the supporters of King Charles I against the supporters of the Long Parliament, while the third (1649-1651) saw fighting between supporters of King Charles II and supporters of the Rum...
