1: INTRODUCTION TO HUMAN SEXUALITY

Sexuality is an integral part of being human It begins before birth and lasts until the end of life 3 Sexuality is essential to the continued existence of humanity 4 Sexuality is not just about the process of reproduction Sexual behavior is only one part of sexuality 5 To simplify the term "human

sexuality," it can be split into the

The evolution of human sexuality revisited

The evolutionary causes of human sexuality have been obscured by attempts to find harmony in natural creative processes and human social life and to view sex differences as complementary. The human female's capacity for orgasm and the loss of estrus, for example, have been persistently interpreted as marriage-maintaining adaptations.
