What is a Rural Settlement?

"Munzach" is a place-name ending in "-acum", a typical ending for a Gallo-Roman name It's origin is a large Roman estate in the hinterland of

Augusta Raurica which is occupied since the early 1st century In the 4th century the population seems to experience a decline, but there is no evidence that the settlement was abandoned

NW Roman questions final

R17 What was the extent of Roman rural and urban settlement interaction? R18 What were the locations, density, chronology, economy and character of rural settlement sites and patterns? R19 How can we identify whether the virtual absence of 'villas' in the North West archaeological record is apparent rather than real?

Roman Settlements - Historic England

of the settlement or at least its continuance after the abandonment of the fort if it originated as a vicus Some minor towns remained undefended throughout their history, while others acquired earth or stone defences often, but not exclusively, later in the Roman period Rural settlements of all forms are even more
